

Serial Number:

## MW-1601A032-02

### Boxing Documentation Cover Sheet

Model: **M8650A4C0H5E1B0A**  
Device: SE8650-128MB MEMORY-9 SWB BOP-CL20-LV AUX PWR-50HZ-ETH-4  
DOUT AND 3 DIN-RM  
Firmware: 004.020.001  
Sales Order:

Documentation List:

70052-0226-03 Boxing Documentation Cover Sheet  
70052-0225-08 Certificate of Compliance and Calibration  
70052-0224-05 Certificate of Compliance and Verification  
70052-0237-02 China Rohs Report

Manual(s):

7ML02-0305-01 ION8650 SWB Installation guide Multilingual  
7ZH02-0305-01 PowerLogic ION8650 socket meter install guide -ZH

Parts Included:

80801-0011 .PACKING FOAM,CUT,PAIR,8500SWB,73XX SWB#  
80800-0014-100 PACKING BOX,SGL WALL,SINGLE PACK,R268, 8500SWB,73XXSWB#

Certificate of Compliance and Calibration			
Schneider Electric certifies that the PowerLogic product listed below meets the published specifications and has been calibrated and tested using equipment and standards traceable to the National Institute of Standards and Technology (NIST) in the US or the National Research Council of Canada (NRC).			
Model	Part #	Serial #	Calibration Date
ION8650	M8650A4C0H5E1B0A	MW-1601A032-02	08-Jan-2016
AUTOMATED TESTING	<ul style="list-style-type: none"><li>• Power supply levels tested and adjusted on variable power supply units</li><li>• Communications verified</li><li>• Unit ID and serial number programmed</li><li>• Voltage and current inputs calibrated</li><li>• Aux I/O calibrated and tested (if applicable)</li><li>• Required software options programmed</li><li>• Calibration constants saved to external file (if applicable)</li></ul>		
FINAL TESTING AND INSPECTION	<ul style="list-style-type: none"><li>• Serial number verified</li><li>• Firmware version verified</li><li>• LCD/Keypad functionality checked (if applicable)</li><li>• Memory checked</li><li>• Calibration verified</li><li>• Software options downloaded and verified (if applicable)</li><li>• Applicable counters and registers cleared</li><li>• Dielectric Withstand Test Passed</li></ul>		
TEST EQUIPMENT USED TO CALIBRATE METER (If Applicable)	Model	Serial #	Test Equipment Calibration Due Date

Certificate of Compliance and Verification

Model        ION8650

Part #        M8650A4C0H5E1B0A

Serial #      MW-1601A032-02

The following data contains the energy test results verifying the accuracy of the above meter at the time this test was performed.

The meter has been factory tested in accordance with **Schneider Electric's** verification procedures on equipment that is traceable to either **N.I.S.T.** (US) or **N.R.C.** (Canadian) standards.
